Subject: Notice of File Closure, Ron Stout, Red Sandstone Quarry, M0530073, Task ID# 1480, Washington County, Utah

Dear Mr. Stout:

The Red Sandstone small mining permit, file number M0530073, located in Washington County, Utah, will now be closed and the file retired.

On September 12, 2006 a site inspection was performed and it was determined that the site being cleared has been incorporated into the adjacent industrial area. We have received concurrence from the SITLA, that they agree with the file closure.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5258 or Doug Jensen at (801) 538-5382. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Susan M. White
